Background

Extreme weather and climate events seem to be increasing in recent decades, and new and stronger evidence confirms that some of these increases are related to human activities. Whilst many think that these conditions are out of our control, there is still a lot that can be done to prevent, prepare or protect people from these kinds of tragic events.

Extreme weather includes:

- Drought – caused by lack of rain
- Flash floods – caused by too much rain in a short period of time
- Extreme winds and storms – Such as hurricanes and monsoons
- An extreme cold spell
- An extreme heat wave

The challenge

With extreme weather events taking place across the world, how can you use your creative talents to help prevent, prepare or protect people from having to survive in the heart of these conditions?

Creative Conscience themes

Your project should fit into at least one of our six impact themes:

- Community
- Education & Learning
- Environment & Sustainability
- Equality & Justice
- Health, Wellbeing & Disability
- War & Crisis

Submission guidance

Entry is open to individuals and teams of up to three people.

Please upload a PDF (15mb or less), or for video entries please include a link to your video in the submission form. Also include at least three key images from your project (at least 800px as either jpeg or png). There is a £10 admin fee for each entry.

Remember to keep your entries clear and concise.

How it'll be judged

If your project is shortlisted, it will be judged based on your creative approach and its potential impact by a panel of industry experts.

Key dates

OPEN NOW

The awards are open to enter on the Creative Conscience website.

APRIL 2018

Deadline for entries.

MAY 2018

Work will be judged by our industry experts.

JUNE 2018

You will be informed if you have won an award.

JULY 2018

The awards ceremony will take place in London.
