Background

The most basic requirements for refugees to regain their independence are housing, language and employment. Without housing, people become destitute; without the ability to speak the local language, it is very difficult to get a job; without employment independence is almost impossible.

The challenge

How can we creatively support the empowerment of refugees in host countries, and improve their access to opportunities?

Local language: classes can be expensive and restrictive in terms of the amount that you can study, when and where. What creative solutions could help with this?

Employment: refugee unemployment in the UK is 50%, and many refugees are overqualified for the jobs they take. How can we find creative ways to increase people's chances of finding meaningful work quickly?

Integration: how can we build bridges with local communities? Can you find ways to keep community at the heart of these proposals?

Empowerment: Can you consider innovative ways for Help Refugees to raise more funds to allow us to do more for empowerment projects?
